Application No.	Location	Description
22/01182/TPOCON	6 Halstead Road, Earls Colne, Essex	Notice of intent to carry out works to tree in a Conservation Area - Lime tree is growing over from Tilwicks court, cut back all lateral branches overhanging the drive leaving the main trunk and the upper crown.
22/01210/FUL	Bungalow, Colne Valley Golf Club Station Road	Erection of single-storey front/side extension to existing staff accommodation, alterations to fenestration, erection of single-storey detached double garage and boundary wall.
22/01266/TPO	21 Coggeshall Road, Earls Colne	Notice of intent to carry out works to tree protected by Tree Preservation Order 19/00 - Fell leaning Ash tree number 10 on the TPO map, it has moved during recent storms and is weighted towards the neighbours garden
22/01222/FUL	St Andrews Church, High Street, Colne	Replacement of existing wooden notice board with new aluminium notice board of the same size.
22/01180/HH & 22/01181	Nightingale Hall , Nightingale Hall Road, Earls Colne	Installation of 20 ground mounted PV solar panels in linear formation to an area of garden amenity
22/01330/TPOCON	4 York Road, Earls Colne, Essex	Notice of intent to carry out works to tree in a Conservation Area - The Conifer tree is approx 9-10 metres high and would be reduced to 6 metres and rounded to then neaten the shape - Large overgrown Conifer planted a few feet from the decorative cast iron Victorian Terrace pole / feature between the semi-detached properties Named "York Villas", built 1983 by Ruben Hunt. The tree has been left uncut for some time and now is too large, roots effecting the property, and blocking light to both downstairs rooms (to both houses) and bedrooms (to both houses) . Tree is in the middle of the Villas but applying given looks more on my side and effects both properties. Hence this will look to be cut, and shaped, so it is no more than half the window height on the first floor bedroom. A it to remain, keep the decorate look, but keep what can be a fast growing aggressive plant in check with future cuts to keep in height. Given the head of the tree will be cut the shape will be rounded at the upper area. Unsure if permission is needed on conifer as more hedging plant but here it is a stand alone tree. Further height will also effect insurance. Note the tree is near electric cables and grows through telecom cables. Another tree along side it will follow this as a separate permission application.
22/01277/HH	66 Coggeshall Road, Earls Colne,	Front porch
22/01515/TPO	Claystones , The Croft, Earls Colne	Notice of intent to carry out works to trees protected by Tree Preservation Order 42/00 - Ash (T1) - Reduce branches overhanging garden of Claystones, The Croft, by approximately 1 metre back to natural pruning points an (T2) - Reduce branches overhanging garden of Claystones, The Croft, by approximately 0.5 metres back to natural pruning points and remove small sublaterals resting on hedge
